

SOLDERING & CABLING CERTIFICATIONS

Be on the job with **3 TO 5 WEEKS** of training in a high-demand, high-wage career!

ARE YOU READY TO START A NEW CAREER?

No-cost training opportunities are available to earn nationally recognized certifications manufacturing employers require. Participants complete three weeks of classroom activities and one week of employability skills training. Individuals who successfully complete the program:

- Are referred to local employers and manufacturers for a direct hire, paid work experience or on-the-job training;
- Earn IPC 620 Cabling/Assemblies Certification; and
- J Standard Certification in Soldering.

TRAINING BEGINS EVERY MONTH!

Certain eligibility requirements apply and funding is available to participants who do not meet WIOA requirements. **Priority will be given to young adults 18 to 24.** Participants must be able to pass a background check, eye exam and drug test. For more information, visit careersourcepinellas.com or contact Kiani Bowman at kbowman@careersourcepinellas.com, (727) 608-2504.

TRAINING LOCATION: 7701 22nd Avenue North, St. Petersburg, FL 33710

Training is available for day or night and weekend sessions.
